

# Actions from Joint Civil Society Delegations Consultation on NFM

Action Plan from GF Joint CS Delegations Consultation on  
NFM

Geneva Paris, 11 June 2013

Communities & NGO Delegations working together in Sri Lanka asked for:

***Joint Civil Society Action Plan to achieve enhanced engagement of civil society and key communities***

This Action Plan:

1. Provides the best guarantee for meeting the needs of CS and key communities (including women & girls)
2. Global Fund ED committed to working with us.
3. Technical partners committed to work with us (UNAIDS, STB, RBM)

# Why this Action Plan?

- Meeting between Civil Society Organizations Representatives and the GFATM Secretariat, Meeting Summary July 6, Geneva, 2012.
  - Mark Dybul “launched” the CS hub when announcing Kate’s appointment = a great start
- Communities Action Plan: Communities Consultation on the New Funding Model, 25 and 26 January, Amsterdam, 2013
- Survey (300 respondents) + Joint Global Fund Board NGO and Communities Delegations Meeting, *Making the New Funding Model work for Communities and Civil Society*, Paris, 19-20 May 2013
- PRELIMINARY RESULTS, Rapid Assessment of Local Civil Society Participation in the Global Fund to Fight AIDS, TB and Malaria’s, New Funding Model, OSF, June 2013
- UNDP funded review of the Zimbabwe experience
- GFS:
  - Action plan KAP/SOGI/Gender
  - CM funding to strengthen civil society and KAPS involvement
- ETC????

# Conclusion

- Nothing new!!
  - Obstacles are known
  - Recommendations are known
  - (even) Solutions are know
- NFM provides an opportunity to get it right
- There is a need to get it right: without us the World will not end ATM
- The *Joint Civil Society Action Plan* can be the tool the get it right

# What will the Action Plan be about?

- Improving the quality of data.
- Building the right mechanism to facilitate CS/KP support
- Increasing CS effectiveness in delivery of services
- Making the (CD) process work
- M&E of CS and community participation
- Working with the GFS
- Becoming more strategic as CS
- Resource mobilization
